分類(Classification)

The screenshot displays a web interface for classifying materials. It features a main red header labeled "Classification". Below this, there are two columns: "Available Classes" on the left and "Selected Classes" on the right. The "Available Classes" column contains the text "Materials production / Organic chemicals". Between the two columns, there are four buttons: a right-pointing arrow, a right-pointing arrow with a vertical bar, a left-pointing arrow, and a left-pointing arrow with a vertical bar. The "Selected Classes" column is currently empty.
